

TRUNDLER SYSTEM – enables packaging mobility

- Trundler is a unique and patented system designed to ease the movement of heavy and awkward packages
- Trundler is safe to use in-store, stable in transit and removes the need for forklifts or trolleys
- Trundler can be used with Primary packaging to simplify merchandising and obsolete home delivery
- Trundler is reusable, manufactured using recycled materials and can be recycled in the domestic waste stream
- Trundler can be used with Transit or Tertiary packaging or direct-to-store “floor-ready” style POS display units
- Users have the option of die cutting a section into the bottom of the carton that recesses the wheel and allows the carton to stand on its own base when static or to use Trundler Foot in conjunction with the wheel to provide a level platform

Trundler Wheel

- Tested to trundle up to 75kg load per wheel (may vary with multiple wheels)
- Easy to snap together – no additional fixings or tools required
- Assembles from outside the packaging
- Easy to remove and reuse

Trundler Foot

- Suitable for display units that need to be raised from the floor
- Provides a level platform and brake when used with Trundler Wheel
- Uses same fittings as Trundler Wheel
- East to fit and easy to remove and reuse

Trundler Steerable

- Enables steorage on large platforms, pallets, or containers
- Assembles from outside the packaging using standard locking device
- East to fit and easy to remove and reuse
- No additional fittings or tools required

Trundler Assembly

TRUNDLER SYSTEM

Packaging Mobility

- Tilt-and-Go packaging. Package rests on base until tilted and wheels become functional
- Obsoletes the need for home delivery or assistance from the store
- Simplifies stock handling and eases in-store merchandising
- Can be recycled in the domestic waste stream

Packaging Platforms

- Raises packaging off the floor
- Fits fork-lift tines and pump trucks
- Removable and reusable

Steerable Units

- Enables steerable on large platforms, pallets and containers
- An opportunity to replace metal roller cages and plastic dollies
- Suitable for POS display units and dump bins

Trundler Pallet

- Trundler mobilises pallets and platforms
- Suitable for use with corrugate, honeycomb board, plywood and laminates
- Choice of locking device depending on material thickness
- Chassis incorporates multiple permanent fixing points

.....DON'T LIFT IT.....TRUNDLE IT!!
